

NOTICE REGARDING NEW WATER METER

INSTALLATION AND YOUR WATER BILL

If you are disputing the water meter read on the water meter, which was removed from your premises, in relation to the Village water meter replacement project, be advised that you may request that the Village arrange that the meter be tested by a certified meter testing company to confirm the accuracy of the meter read.

However, if the testing reveals that the meter is reading accurately, you will be responsible for the cost of the testing. The cost for a residential unit is approximately \$45.50.

You may also have the meter tested by a certified meter testing company at your own expense.

If you wish to have the water meter tested please send in written notice of your name and address and we will respond.

YOU HAVE THIRTY DAYS FROM THE DATE ON YOUR BILL TO SUBMIT A WRITTEN OBJECTION AND REQUEST FOR TESTING; OTHERWISE YOU WILL WAIVE YOUR RIGHT TO DO SO.
